

CONFIDENTIAL

Please Note:

Sec. 312.003 of Chapter A of the State Tax Code provides that:

Information that is provided to a taxing unit in connection with an application or request for tax abatement under this chapter and that describes the specific process or business activities to be conducted or the equipment or other property to be located on the property for which tax abatement is sought is confidential and not subject to public disclosure until the tax abatement agreement is executed. That information is the custody of a taxing unit after the agreement is executed is not confidential under this section.

Persons in possession of this Application are reminded of this provision of the law and should restrict access to this document accordingly.

Instructions for Completing the Application Form

The application form consists of questions that, when answered, will provide the Moore County Commissioners' Court with:

- (1) General information regarding your proposal and the property in question.
- (2) Information concerning objectives of applicant.
- (3) Information concerning economic, financial and physical impact on Moore County.

Please complete all questions. We recommend that you review the Moore County Guidelines and Criteria for tax abatement prior to completing the application form.

Special Notes:

Questions 1 – 10: Basic information relating to your proposal. (Questions 4 & 5 are applicable only if you are not the current owner of the property. If you are leasing property for which you are requesting tax abatement, Moore County will require both lessor and lessee to execute a tax abatement agreement.)

Questions 11 – 15: Describes in detail the long-term improvements you intend to make to the property, the type and value of the improvements to real property (e.g., buildings, permanently installed equipment, site improvements, fixtures, etc.). Specifically excluded from tax abatement are product inventory and the underlying real property. Eligible property must have an economic life of fifteen years to be eligible for a tax abatement. Tax abatement is available only on that portion of the increase in ad valorem taxes attributable to the improvements to the property you propose to make.

Questions 16 – 24: Relate to the subjective criteria established by Moore County for granting tax abatement. Answer each question as fully as possible using additional sheets of paper when necessary. The commissioners' Court will review your responses before making a decision on whether tax abatement should be granted and, if so, under what terms.

Additional Requested Information Needed:

When the application is filed, attach on a separate sheet of paper contact information and secondary contact information to be used as necessary by all taxing entities. This should include name, address, phone number, email and/or other pertinent information the company feels necessary.

Final Note:

Answering all questions and providing detailed information is critical. The County has two basic concerns that must/will be addressed prior to the granting of a tax abatement. Those concerns are increased taxable value and employment. Additional attention will be given by the County to the answers given all questions relating to these two concerns.
